**VISION**

KHPT’s vision is to empower communities to collectively assert their rights to lead a life of dignity and wellbeing.

Our work focuses on marginalized, vulnerable and socially excluded groups.

---

**Thematic Landscape**

- Support at risk communities to reduce their vulnerability to HIV / AIDS and access care and services
- Improve the health outcomes of mothers, new-borns and children (MNCH)
- Improve the overall wellbeing and empowerment of adolescents
- Enhance nutritional outcomes among women and children through improved access to quality nutrition interventions
- Enable health systems and facilities to provide accessible and quality services to tackle Non-Communicable Diseases (NCD)
- Improving treatment outcomes in Tuberculosis patients using patient-centric and family focused approaches

---

**VULNERABLE GROUPS IMPACTED**

- **530,800** most at risk populations and people living with HIV covered under all projects on HIV/ AIDS
- **252,000** pregnant women and new mothers reached by projects for improving MNCH
- **28,000** frontline health workers reached by projects to improve community involvement for improving MNCH
- **17,000** adolescents, parents and community leaders reached by project working on adolescent empowerment
- **32,000** poorest of the poor pregnant women, adolescent girls and children <5 years reached by projects that address undernutrition
- **8,400** TB patients and families and over **30 million** community members from high risk areas reached by our TB projects
- **9,000** urban settlers reached by project that address the burden of NCD in urban settings
