

24 June 2021

Introduction

KHPT is a not-for-profit charitable entity that spearheads focused initiatives to improve the health and wellbeing of communities in India. In 2003, KHPT was founded with a mission to enhance the health and wellbeing of vulnerable communities and our journey started with the focus on reducing the prevalence of HIV in Karnataka, specifically among most at-risk populations. These interventions were evidence-driven, systematically planned, rigorously implemented, and monitored. We succeeded in scaling impact well beyond Karnataka and KHPT became a learning site for innovative approaches. We work primarily in the fields of Maternal, Neonatal & Child health (MNCH), Tuberculosis (TB), Adolescent Health (AH), and Comprehensive Primary Health Care (CPHC).

KHPT as a sub-recipient of Foundation for Innovative New Diagnostics (FIND) is implementing “Joint Effort for Eliminating TB (JEET)” Project in Karnataka State and invites applications for the following position from committed professionals the project JEET.

KHPT is seeking application for the following position.
