# TB is Curable!

We pledge to support and treat persons with TB equally like any of our other friends. A person with TB can recover completely with proper care and treatment. We pledge to make our community TB free.

**USAID**  
FROM THE AMERICAN PEOPLE

**Stop TB Partnership**

**KHPT**  
engage, innovate, empower

Stigmatizing those with TB can lead persons with TB to hide their illness, putting others at risk of being affected with TB.

**“Let us come together to build a stigma free work place!”**

I was regular with my treatment.  
After 15 days of my treatment  
I started feeling better, and I  
resumed work.  
if I can, so can you!

Being regular with your  
medication will destroy  
TB.

**“MAKE THE RIGHT CHOICE!”**
